5) The Inspector-General of Police has fully explained in his letter No. Ac. 442/38-9, dated 26-1-1939 addressed to the Chief Secretary to Government the reasons for which the printing of the Police and Criminal Intelligence Gazette has all along been entrusted to Messrs. V. B. Soobiah & Sons, Avenue Road, Bangalore City. As this Press has been doing the work satisfactorily and has not given room for complaint during the course of nearly half a century, I am of opinion that they may be permitted to do the work, the bills being scrutinised by this office as hitherto before payment is made, as laid down in G.O.No. M. 2382-b/P&S.31-21-5, dated the 25th November 1921.

SECRETARIAL
6. JAN. 1939
GOVT. OF MYSORE.

SIR,

With reference to G.O.No.G.6448-52/P & S. dated 5-1-1939 published in Part I (page 13) of Mysore Gazette dated 12-1-39,(Copy enclosed for ready reference) issuing instructions to call for tenders regarding the printing work of several offices and Institutions and entrust such work to the Press which gives the lowest estimate etc., I have the honour to state that the weekly Mysore Police and Criminal Intelligence Gazette is being printed and supplied by Messrs.V.B.Soobiah and Sons, Printers, Avenue Road, Bangalore City. It is this firm of Printers who originally started in the year 1886, 'The Mysore Police Fortnightly Circular'. Later the publication was changed into 'The Mysore Police Gazette' and was being issued in Kanarese. Some time later, this was changed on the same lines of the British Indian Police Gazette and printed in English.

The question of getting the Mysore Police Gazette printed in the Government Press appears to have been taken up in the past and Government in their order No.M.2383-5/P & S 31-21-5 dated 25-11-21 have ordered that the Police Gazette may be continued to be printed by Messrs.V.B.Soobiah & Sons.

It is thus seen that Messrs.V.B.Soobiah & Sons have been printing and supplying the Departmental Police Gazette from the last 52 years and have been executing the work satisfactorily adjusting themselves to the several changes from time to time as circumstances warranted and have kept up the secrecy which is most necessary so far as the Mysore Police and Criminal Intelligence Gazette are concerned. The cost is also minium and is subject to scrutiny by the Superintendent, Government Printing, Bangalore.

Under the circumstances and as the publication is of a special nature, I request you to kindly obtain orders of Government for the continuance of the Police and Criminal Intelligence Gazette being printed by Messrs.V.B.Soobiah & Sons. Copy of the Government Order of 1921 in this matter is also enclosed for information.

I have the honour to be,
Sir,
Your most obedient servant,

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read:-

Government Order No.522-87 P & S 6-20-72 dated the 2nd August 1921 directing that the printing work of all departments should be got done only the two Government Presses at Bangalore and Mysore and that no work should be given to private presses without express sanction of Government.

2. Correspondence ending with unofficial Memo dated 9th November 1921 from the Inspector General of Police in Mysore requesting that the Police Gazette which is being printed satisfactorily by Messrs.V.B.Soobiah & Sons for the last 30 years may be continued to be printed at that private press as the transfer of the work to the Government Press is likely to cause ddlay in the timely preparation and issue of the periodical.

Order No.M.2382-5/P & S 31-21-5 dated, Bangalore the 25-11-1921.

The Police Gazette will, as a special case, be continued to be printed by Messrs.V.B.Soobiah & Sons, the bills relating thereto being as hitherto scrutinised by the Superintendent, Government Printing before transmission to theb Comptroller for audit.

INSPECTOR GENERAL OF POLICE.

Issues instructions regarding the Printing Work of the several offices and institutions.

Government Order No.M.522-87-P&S.52-21-1, dated 2nd August 1921,

directing that the printing work of all Government Offices should be got done at the two Government Presses in future and that no work should be entrusted to private presses without the sanction of Government.

2. Government Order No.M.3457-61-P&S.52-21-1, dated 10th February 1922, observing that in the case of concerns of a commercial nature under Government management it is not obligatory to entrust the printing work to the Government Press and that in such cases the printing might be got done at Private Presses at the discretion of the Head of the Department or office concerned.

3. Para 9 of Government Order No.G.14823-80-P & S 66-29-2 dated 27th June 1930 issuing orders to the effect that such of the work as are scheduled by the Press Committee and for which the departments concerned can pay from their respective budgets may be gradually entrusted to private presses.

4. Correspondence ending with letter No.P.2204 dated 6th December 1938, from the Superintendent, Government Printing, stating that in the circumstances explained, it is desirable to centralise the printing work of all Government departments, including the printing of educational textbooks in the Government Press in the interest of economy, neatness and prompt execution of work and recommending that certain other kinds of works may be given to private presses as indicated below. He will also be glad to improve the efficiency of the machine department of the Government Press

ORDER NO.G.6448-512-P. & S. 67-38-1, dated Bangalore the 5th January 1939.

The Superintendent reports that with the idea of encouraging private presses, the printing of some educational books has been given on contract to certain private presses and that the Insurance and Electrical Departments are getting their work done partly at the private presses. He has also forwarded a list of Government and quasi-Government institutions and private bodies which pay for their work done in the Government Press.

2. With a view to centralise in the Government Presses at Bangalore and Mysore, the printing work of all the Government departments including the printing of the educational textbooks and at the same time to give patronage to well equipped private presses by entrusting to them certain other kinds of printing works, the Superintendent has submitted the following proposals:-

(i) The efficiency of the machine department of the Government Presses may be improved by enhancing the grants under "purchase of Machinery" and by steadily following a policy of renewals and replacements for at least five years.

(ii) All the printing work including that of educational text-books and of the Insurance and Electrical Departments may be done at the Government Press.

(iii) The Printing works of Industrial concerns under Government management, like the Electric Factory, Porcelain Factory, Sandalwood Oil Factory, Lack factory, Industrial and Testing Laboratary etc. whose accounts are made up on a commercial basis and which are profit-earning concerns, may be entrusted to suitable private presses as this will give work to several presses.

(iv) The printing work of semi-official bodies like the Horticultural Society which is now being done at the Government Press may also be similarly transferred to suitable private presses and

(v) In cases in which Government Departments have to entrust work to private presses, tenders may be called for from well equipped printing firms and the lowest estimate scrutinised by the Superintendent, Government Printing, may be accepted and the work paid for on bills counter-signed by the Superintendent as at present, as this system is working well.

4. As regards item (i) viz. provision of funds for purchase of machinery so as to improve the efficiency of the machine department, orders have been passed separately in Government Order No.G.2556-7 P.& S. 57-37-4, dated 15th September 1938.

With regard to items (ii) (iii) and (iv) Government are pleased to direct that the printing work of all Government Departments (including that of educational text-books and of the Insurance and Electrical Departments) and of semi-official bodies (whose work is done free of cost, excepting those referred to in the next para) be done at the Government Presses.

5. As a measure of patronage to private printing presses, the printing work of the Industrial concerns under Government management and that of semi-official bodies, who pay for the work, may be entrusted to well equipped private presses at Bangalore and Mysore.

6. In the cases referred to in the previous para, the Superintendent, Government Printing, will regulate the distribution of work among the several private presses as indicated below. He will call for tenders from the

private presses as occasions arise and for distributing the work among them. He will in inviting tenders, take into consideration the equipment of the several presses for undertaking the work in question, the neatness and promptness of execution, the rates quoted and the extent of work already entrusted. The value of work to be entrusted to any press should not ordinarily exceed Rs.1,000 a year. The bills for work done will be countersigned by the Superintendent after satisfying himself as to the quality of work turned out and will be forwarded to the appropriate officers.

7. All printing work may arise in the offices or instituitons concerned should be reported to the Superintendent, Government Printing for taking action on the lines indicated above.

8. This arrangemsnt will be tried in the first instance for a period of three years and reviewed at the end of the period in the light of additions and improvements to the equipment of the Goverrment Presses.

Secretary to Government,
